

GOLF SHOP NEWSLETTER
JUNE 23 2019

Well after our latest rain event, summer finally arrived. We were very fortunate to get carts out on Saturday (thanks John and crew!) and we experienced an extremely active and busy weekend on the first tee and beyond. It was so good to see energy and excitement on the golf course, so I hope all enjoyed themselves.

UPCOMING EVENTS

This week we have an outing on Tuesday June 25th (Special Metals) which is small enough to not deny anyone access to the golf course. The rest of the week is open golf. This week will be very busy as we get ready for the LECOM qualifier. As we go through the week, we should see more and more practice rounds taking place. This is a pretty cool week as we get to see the (perhaps?) next great PGA Tour Player. I spoke with several of the contestants from our last qualifier in 2018 and to a man, they all commented on how welcoming and nice our membership was to them, and I know that makes it easier for them to make themselves at home here, so thank you in advance. There are several LECOM Volunteer opportunities for July 1, so if you can spare a few hours, it is a great way to help Shorewood and the players, so please sign up if you are able.

GOLF OPERATION NEWS

As many of you know, our new Point of Sale system is now up and operational. Yes we are working out the kinks, but it is very streamlined and user friendly. The biggest change in the golf operation for our members is that you only have to check in. Just stop in and let us know you are here. If you have a guest, please allow us to log him/her into the system so we can keep track of guests, rounds and general activity. Thank you for your cooperation.

We will update course conditions daily on the website. We will also post results of events, weekly happenings and newsletters. Please check in often to www.shorewoodcc.com.

MERCHANDISE NEWS

The orders from the Callaway Demo Day are starting to arrive. I wanted to thank all who were able to attend and, although wind was the dominant force, I hope all who attended had a good time trying out the equipment on hand.

Newest arrivals in the golf shop are: Travis Matthew Clothing and Headwear, Ouray Headwear and the stock order of Foot Joy shoes. Please stop in and see what we have to offer.

JUNIOR GOLF

Junior golf begins this week with two sessions of lessons on Tuesday the 25th and Thursday the 27th. Play days do not begin until July so keep on the lookout for small people with clubs doing some serious learning, having fun and generally being fun to be around.

INSTRUCTION

The range is finally open on a regular basis moving forward. I wanted to reach out and let all readers know that not only am I available for lessons, I am very interested in helping you with your golf games. I love to help players of all levels improve and I have a very good track record of successful students on the local, regional and national level. This game is very fun and, at times, more frustrating. Please let me help you improve, it will make the game more fun and enjoyable.

The Get Golf Ready for Women has concluded. This six week lesson and playing program was very well received and we have had a few membership inquiries from the program. Most importantly it got some ladies playing that have moved away from the game, so the program was a success as well as a ton of fun.

CLOSING

If there is anything I can do to help you enjoy your facility more, please do not hesitate to stop in, call or email and we will certainly do what we can to make that happen.
